SKILLS

Technical skills

- **JAVA**
- **HTML**
- **CSS**
- **JAVASCRIPT**
- **SQL**
- **BOOTSTRAP**
- **JSP & SERVLET**
- **C**
- **POWERPOINT**
- **DS & ALGO**
- **OOP**

Soft skills

- *Team work*
- *Time management*
- *Critical thinking*
- *problem solving*
- *creative*

LANGUAGES

English Hindi

ABOUT ME

I'm currently pursuing my Bachelor's degree in Information Technology from Techno International Newtown .Proficient in programming languages such as Java. I'm inquisitive and passionate about learning things that enhances the creativity level and lead to a simplifies solution of things around. Seeking an opportunity to enhance my technical skills and contribute to the success of a forward-thinking organization in the IT industry.

PROJECT

TINT Resource Library (Ongoing)

GitHub

This project is based on the idea of a centralized repository where faculty members of various department can share and get access of resources thus making it easier for them to work and collaborate.

Programming Language - JAVA

Tech stack - Bootstrap, React js.

Database: MySQL

A team of 8 individuals collaborated to make this project. Work is still in progress.

Weather app

GitHub

This project was built for learning purpose. The idea is same to get the weather update according to the specific places.

Tech stack -Html, Bootstrap, React js.

Api- openweathermap.org/api

A solo project accomplished within a span of 2-3 days.

Expense Tracker

GitHub

The primary objective of this project was to create an expense tracking system that simplifies the process for users to monitor their expenses and income. By providing a convenient platform, users can gain a better understanding of their financial situation, enabling them to make informed decisions and manage their spending effectively.

Web Development -Html, Bootstrap, React js.

A solo project accomplished within a span of 3-4 days.
